GOD'S MESSENGER

"What a friend we have in Jesus,"
Sang a little child one day,
And a weary woman listened
To the dear one's happy lay.

And the happy child, still singing,
Little knew she had a part
In God's wondrous work of bringing
Peace into a troubled heart!"

MISS HELEN ELIZABETH SADLER UNITED IN MARRIAGE TO DR. GEORGE STARR

Miss Helen Elizabeth Sadler, daughter of Mr. and Mrs. J. F. Sadler of Sierra Madre, and Dr. George Starr of Pasadena, were united in marriage at 8 o'clock on the evening of the Fourth of July, the marriage taking place at the home of the bridegroom's brother-in-law and sister, Dr. and Mrs. Forbes, of Sierra Madre Villa.

The ceremony was performed by Dr. Woodward of Alhambra in the presence of fifty relatives and close friends.

The bride was attended by Mrs. Ralph Hoard of Los Angeles as matron of honor and by Miss Vivian Brandenburg of Pasadena as maid of honor. Two little nieces of the bridegroom, Vivian and Anna Leg Starr, acted as flower girls.

Dr. Starr's brother acted as his best man.

The bride was charmingly gowned in a white sateen frock trimmed with point lace. Her tulle veil hung from a coronet of orange blossoms and she carried a shower bouquet of bride's roses and lilies of the valley.

Mrs. Hoard was gowned in corn colored organdie trimmed with lace and she carried a bouquet of Ornelia roses.

Miss Brandenburg's gown was of white organdie made over a slip of jade green taffeta and trimmed with lace medallions. She carried a bouquet of Cecil Brunner roses.

Vivian Starr wore a yellow organdie frock and Ann Lee Starr was attired in pink organdie. Both flower girls carried baskets of rose petals which they scattered in the pathway of the bride.

The house was beautifully decorated with a profusion of roses and ferns the bride and bridegroom standing under an arch of palm branches during the ceremony.

The music for the wedding was furnished by Miss Gertrude Cook, who sang several solos, and by the brother of the bride, Stafford Sadler, who played "At Dawning" on the saxophone.

A wedding dinner for fifty followed the ceremony. The dining room was decorated with roses and ferns and the tables were illumined by softly shaded candles.

The bride, who has always lived in Sierra Madre, is a graduate of the Pasadena High School and has many friends in the city.

The bridegroom is also a graduate of the Pasadena high school and of a College of Osteopathy at Los Angeles.

Following their honeymoon Dr. and Mrs. Starr will reside in Sierra Madre for a time, later taking up their residence in Pasadena.

Mr. and Mrs. F. P. Sperry and Mrs. W. R. Morgan and little son, spent the Fourth at Seal Beach.

ELECTION MONDAY NIGHT

The annual meeting of the Chamber of Commerce will be held Monday night in the City Hall. Officers for the ensuing year will be elected. Every member is urged to attend.

OUT OF TOWN GUESTS ATTEND WEDDING

Out of town guests of Mrs. John Appleby and her daughter, Miss Mabel Appleby, who were here to attend the Adams-Appleby wedding last week were Miss Edith Price, Miss F. Hearn and Miss Gertrude Osborn, of St. Louis; Mr. and Mrs. G. Dana and Mr. and Mrs. F. L. Parks and family of Hollywood and Mr. W. Murray of Los Angeles.

The Misses Price, Hearn and Osborn, who are touring California, have been stopping in Los Angeles at the Hotel Alexander.

Among the former residents of Sierra Madre who attended the wedding and reception were Mr. and Mrs. Constant of Azusa, Mr. and Mrs. C. C. Nourse of Los Angeles, Mr. and Mrs. Walter Lynch of Chicago, and Miss Bertha Carson of Blythe.

RECEPTION FOR MISSIONARY

One hundred members of the Bethany church and Sunday school held a reception in the church parlors last Friday night in honor of Miss Ruth Needham, who recently returned from the World's Sunday School convention held in Japan. Miss Needham went as a representative of Bethany church.

Harold Needham, a brother of Miss Needham, who is a missionary working in Japan and China, was present and gave a very interesting recital of his work.

Refreshments were served, and the interesting program was thoroughly enjoyed.

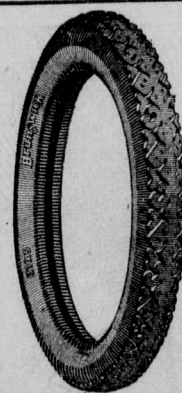

UNNEEDS CLUB MEETS

The U. N. U. club met last Thursday afternoon at the Congregational church. Plans for the meetings which will be continued through the summer, were discussed and ways and means of raising money for the purchasing of pins were partially decided upon.

Following the business session a social time was enjoyed, Miss Louise Pearson acting as hostess.

SENG'S HOME THIS WEEK

A NEW STEP

The "Crab Glide" has made its appearance in Sierra Madre. The peculiar side-wise movements, squirming twisting, side stepping and other extraordinary antics of many of our young men which have been puzzling the habitués of Central Avenue for several days, has been explained. Since the most efficient of these performers are among the best dancers in town it was at first thought to be a new dance they were trying out. But under thorough investigation, the secret is revealed. Just common sun-burn—"Fourth of July celebration"—too much "Hot Time in the Old Town, or rather at the beach. Beach residents claimed that old Sol had not shown his face for two weeks, but called out to celebrate that Fourth, he shone with a vengeance all day—result—hot roast tenderloin—shoulder of beef—leg of lamb, etc.

Among the proficient executors of what has become known about town as the "Crab Glide" are, Elliott Rhodes and Frank Foster, who have given at least one demonstration daily. Moral: Help make the Fourth of July sane and happy by dispensing with fireworks.

MISS MOORE HOSTESS TO MODERN PRISCILLAS

The Modern Priscillas were most pleasantly entertained last week at the home of Mrs. R. H. Mackerras, 340 Palmetto Drive, Pasadena. Miss Lillian Moore, a former resident of Sierra Madre and now superintendent of the Good Samaritan Hospital, was the charming hostess and was assisted in receiving and serving by Mrs. R. H. Mackerras, Mrs. J. Keelyn and Mrs. J. D. Mackerras.

About sixteen members of the Priscillas were present, the following Pasadena ladies being invited guests: Mrs. E. Ritter, Mrs. J. Keelyn and Mrs. J. S. Macdonnell. The rooms were fragrant with the odor of many beautiful bouquets and the afternoon passed pleasantly at fancy work.

TWO CALLS IN ONE DAY

The Sierra Madre Fire Department was called out twice last Saturday. The first call was to extinguish a brush fire on North Auburn which had become dangerously threatening and the second call came from the Charles Bodine residence on Suffolk. The latter seemed to have started in the attic and was extinguished by the chemical alone, only a small portion of the roof having been destroyed.

The Story of Our States

By JONATHAN BRACE
X.—VIRGINIA

THE EARLY history of Virginia revolves about the name of Capt. John Smith. It was his indomitable spirit which enabled the settlement at Jamestown to survive the privations and difficulties that encompassed it during those first years. There in 1607 was made the first permanent English colony in America. The charter given by King James I to what was known as the London company, under whose auspices Jamestown and the later Virginia settlements were founded, designated that this colony should extend 200 miles north and 200 miles south of Old Point Comfort and stretch westward to the sea. Under the reign of Charles II it was considered such an important colony that it was called the fourth dominion of his empire, that is, England, Scotland, Ireland and Virginia. From this Virginia was often called the Old Dominion. The name Virginia itself means the virgin land and was so called after Queen Elizabeth, the "Virgin Queen." The early government of Virginia is of great interest. At first communism was tried, under which system the land and all property was owned in common and all profits were divided equally. This proved a disastrous failure. In 1619 the first real representative government in the colonies was established, called the house of burgesses, which continued in force under varying fortunes until Virginia joined the Union and became the tenth state in 1788. Much might be written of the character of the early Virginian settlers and their great influence on American life. From Virginia has sprung two other states, Kentucky and West Virginia. Even so, the state's present area is 42,627 square miles. Politically the Old Dominion state is entitled to twelve presidential electors. This is about the average of the southern states.

RED CROSS APPEAL FOR USED CLOTHING

The Sierra Madre chapter of the Red Cross is planning an intensive campaign for used clothes for shipment to needy persons in Central and Eastern Europe. This work will be conducted in co-operation with the American Friends Service committee. A nation-wide appeal for contributions of used clothing is being made through the Saturday Evening Post, The Ladies Home Journal and the Country Gentleman, in which prospective donors are instructed to get in touch with the nearest Red Cross representative or chapter.

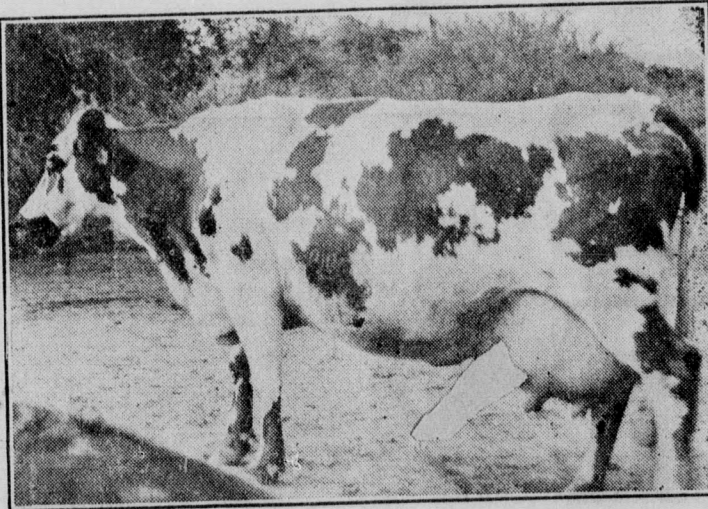

The call is for all kinds of warm and serviceable clothing in good condition or for materials out of which to make garments, and every one is urged to remember that some garment he or she can do without may be just the garment that will save the life of some suffering child, for this work is being carried on for the children.

The local chapter has not yet perfected the details of collection of these garments in this city, but at a meeting which has been called for July 8 these will be worked out and next week's News will contain all necessary information as to when and where the clothes will be collected.
Meanwhile we can all be looking over our collection of partly worn and discarded clothes and selecting those which, when cleaned and mended, will be worth sending across the seas to the poor kiddies who are in rags. And don't forget the good pieces of old blankets or quilts that can be made into wrappings for the babies—in a country where the new-born are wrapped in paper or in rough, coarse cloth that scrapes off the tender skin so the tiny things are covered with bleeding sores, most any soft cloth is a gift from heaven.

One eye witness says: "The average mother in Montenegro would commit murder for a piece of soft cloth for her baby, the need is so great."
In the closets and trunks of Sierra Madre there are enough good clothes that aren't being used to care for many and many a suffering youngster. This isn't going to cost you money—just a little time and thought and effort. Let the children have clothes instead of the moths.

are as accurate as the Orb of Day

A philosopher has told us that time is life. A watch that just keeps "good time" is almost worthless to live men who make every second count. The "good time" watch is on a par with the inaccurate cash register or a family medium of measure.

The Story of Our StatesBy JONATHAN BRACE
XXXVIII.—COLORADO

is the most precious of our states, for in the mining of gold and silver it surpasses all other States, producing about one-third of the total output of the entire country. In fact, its real history starts in 1858, when gold was first discovered.

Prior to that time there had been but little settling in this region. Spanish explorers had traversed the country in the latter part of the Eighteenth century, and laid claim to it. As a part of the Louisiana Purchase it came into the possession of the United States in 1803. Officers of the United States army were sent out to explore this wilderness among whom were Lieutenant Pike in 1806, and it was after him that Pikes Peak was named. In 1819 Colonel Long made extensive explorations and he was followed in 1842 by Fremont, whose activities in the Mexican war brought him into much prominence. At the close of the Mexican war, Mexico ceded her rights to this territory to the United States, but it was considered a barren waste and unattractive for settlers.

Then in 1858 came the discovery of gold in the bed of Dry Creek, a few miles south of where Denver now stands. The following spring tens of thousands of men flocked into what was then called the Pikes Peak country. In 1859 Denver became a town of one thousand inhabitants, and by the next year had grown into a big city with newspapers, theaters, and a government mint.

In 1861 the Territory of Colorado was created and in 1876 Colorado was admitted as the thirty-eighth state of the Union. Its area is 103,948 square miles and its population entitles the state to six presidential electors.

The name is taken from the Colorado river, and is a Spanish adjective meaning "colored red."

Colorado is often called the Centennial State, as it was admitted to the Union just one hundred years after the Declaration of Independence.

HOTEL ON SEA NOW

BEING BUILT

Long Beach will soon have a floating hotel and lunch parlor. Over at Matt Walsh's shipyards in San Pedro work has been quietly underway for a number of months on a houseboat designed to accommodate week-end parties from the interior, or anyone who desires to spend a day or two on the sea, with every facility for fishing, those who merely want to rest and fully enjoy the ozone of the deep.

This house boat, not yet named, will have a length of sixty-five feet, and a beam of twenty-five feet. Its capacity is 110 tons, and its strength is fifty times greater than any possible demand that can be made upon it under the service in which it will now be engaged; this being, say its owners, because of the fact that this marine hostelry is converted from one of the government's kelp barges, built with the heaviest timber and designed to withstand buffeting on the rocks or other severe usage. The hull is reinforced by five bulkheads.

The new superstructure will provide when completed, sleeping accommodations for twenty-four people, a dining

room, kitchen or cook galley, and a deck six feet wide encircling this enclosure. This deck will be fitted with seats and every modern facility for the accommodation of fishermen. In the hold will be an elaborate electric light plant, and electricity will be used to illuminate the house boat and to lure fish within reach of the night lines.

The boat will be painted white inside and out, and will be immaculately maintained if the plans of its proprietors, J. F. Whiting and J. D. Middleton, both of Long Beach, are carried out.

The anchorage for the houseboat has not been determined, but it will be within two miles of Pine Avenue pier, from which the gasoline launch Sierra Madre will ply direct to the floating hotel. It is not planned at this time to serve more than light lunches on the boat, but regular guests will have the privilege of going ashore at will for meals and other purposes.

The location of the houseboat will depend upon results of investigation soon to be made for the selection of the best nearby fishing grounds. A half-ton anchor will hold the craft, over seventy-five feet of water.

Middleton will have personal charge of the houseboat, and assures courteous service, with special attention to ladies and children. Whiting, who was formerly an efficiency expert with the Newspaper Union, was impressed with the opportunities and the need for such an enterprise here, and originated the idea. For a time he edited a newspaper at Sierra Madre, and was secretary of the chamber of commerce there.

The houseboat is expected to be ready for business by July 1.—Long Beach Press.

DOWN AND OUT CLUB

ENJOY SOCIAL TIME

A charming mid-summer affair was the annual meeting and picnic luncheon, held by the Down and Out Club on Wednesday, in the delightfully fragrant gardens of the E. C. Newton home on Live Oak Avenue. A smiling bevy of women, each one representing some line of efficiency in the past history of the Woman's Club composed the party. The delicious luncheon, which was under the capable supervision of Mesdames W. E. Walker and W. E. Lees, was served in the palm arbor, after which a short business session was held. Mrs. F. P. Sperry was elected president and Mrs. F. L. C. Roess secretary. A rousing vote of thanks was given to Mrs. Newton for her gracious extension of hospitality.

Out of town guests were Mrs. Paul Baugh of Los Angeles and Mrs. Charlotte Hamblin of Alhambra.

A pleasant afternoon with fancy work and social chat followed. At the special request of the ladies, Mrs. M. D. Welsher and Mrs. W. H. Ingraham were prevailed upon to give the receipt for the delicious bride's cake which was served at the Appleby Adams wedding and for which they were responsible. In the desire to share our good things with others, the recipe follows:

1½ cups sugar, ¼ cup colored nutmeg, 1 cup milk, 2½ cups Swansdown flour, 2 cups baking powder, the whites of four eggs, flavor with lemon extract. For icing, boil 2 cups sugar and 6 table spoons water until it spins a thread, stir into the beaten whites of two eggs and beat well.

ON THE COURAGE

OF AN OLD MAN

(A Sonnet)

Thanks, old man, for the lesson you gave.
As, standing before me, with snow white beard
And watery eyes that in mine peered
With soul unshaken and courage brave
You proved that one so near the grave
Can defy Age, that spectre feared
By many. Your courage has endeared
Your weakened strength to me, your slave.
A mocking bird, sweet warbler of song,
Fell it, and nearly burst his heart
With joy and ecstasy of praise.
Dance Nature, weeping for the wrong
Of wilful May, forgot her part
And smiled, her only smile for days.
